

Conditioning Medicine

2nd Conditioning Medicine Virtual Workshop

Thur Nov 18th 2021 0900-1100 EST

Aging, ischemia-reperfusion injury and conditioning

Co-chairs: Dr. Cesar Borlongan and Dr. Derek Hausenloy

Date: Thur Nov 18th 2021 0900-1100 EST

Time: 6 AM West Coast USA, 9 AM East Coast USA, 3 PM Central European Time, 10 PM China, 11 PM Japan/Korea.

Zoom registration [CLICK HERE](#)

 	<p>0900-0915 EST Introduction and Welcome: What is Conditioning Medicine?</p> <p>Dr. Cesar Borlongan Director, Center of Excellence for Aging & Brain Repair University of South Florida, USA</p> <p>Dr. Derek Hausenloy Professor, CVMD, Duke-NUS Medical School, Singapore Research Director and Senior Consultant, National Heart Centre, Singapore</p>
	<p>0915-0945 EST Cardiac aging : an integrated process at the cross-road of inflammation and metabolism (25 min talk + 5 min Q&A)</p> <p>Dr. Geneviève Derumeaux Professor, Department of Physiology, Henri Mondor Hospital, FHU SENEC, INSERM U955, Université Paris-Est Créteil (UPEC), AP-HP, Créteil, France. Faculty of Medicine, IMRB, INSERM U955, Université Paris- Est Créteil (UPEC), Créteil, France.</p>
	<p>0945-1015 EST Ischemia-reperfusion in the aged heart: when mitochondria cannot recover (25 min talk + 5 min Q&A)</p> <p>Dr. Marisol Ruiz-Meana</p>

	<p>Professor, Vall d'Hebron Institut de Recerca, University Hospital Vall d'Hebron-Universitat Autònoma, Barcelona, Spain</p>
	<p>1015-1045 EST Age as a negative conditioning factor for neuroprotection in brain ischemia/stroke (25 min talk + 5 min Q&A)</p> <p>Dr. Wei Yang Associate Professor Department of Anesthesiology Duke University Medical Center, USA.</p>
